

It's easy.

It's easy if you ain't the villain in a story  
So you create a fallacy  
And paint some one else criminal  
So you the sight of soleful eyes  
And there's no care what demise you bring to your foe

It's easy

It's easy if you the pure heart in sight  
So you shade someone else's light  
That you remain the only shining star  
You blame every deceit, controversy  
Shame, pain caused, loss  
And everything that comes with it seeming evil  
Slundering everyone that seems better than you

It's easy

It's easy if you ain't the one who lost it  
So you pin it on who ever seemed to come next  
Or present on scene  
Cause it's easier if you ain't at fault  
It's easy if your image is intact  
It's easy if everybody looks at you like the righteous of hearts  
It's easy if you stay at the top  
It don't matter if everyone else's falling on the way  
As long as you the only one winning

I say it now and I'll say it again

It's only easy if you the one everybody loves  
It's easy when your word is taken, but is it worth it?
